About Trinka

Trinka is an AI-powered writing assistant designed for academic and technical writing. Trinka corrects advanced grammar errors and contextual spelling mistakes by providing writing suggestions in real-time. It helps academicians write in a formal, concise, and engaging manner. In addition to correcting grammatical errors, Trinka allows you to paraphrase the text and improve consistency, enabling you to enhance the quality of your writing based on your requirements.

Purpose of this document

This document is a detailed, step-by-step guide for the members of Universitas Islam Indonesia to explore and utilize the features of Trinka AI. It starts with the registration process and moves on to activating the Trinka Institutional Access plan, making grammar corrections, paraphrasing text, and finally, preparing your document for submission. By following this guide, you can seamlessly use Trinka and take full advantage of all its features.

Edit your file using Trinka Cloud Editor

Once your file opens up in the cloud editor, Trinka AI will process your text and provide suggestions to improve the writing. The text for which suggestions have been given will be underlined and the suggestion cards will be visible on the right panel. You will be able to accept/reject the grammar suggestions. In the editor, the default check will be "Grammar".

i) Expand a suggestion card on the right panel to view the suggestion. It will appear as shown below:

ii) You can "accept the suggestion" by clicking on the text present in purple. After accepting the suggestion, the text is replaced in the file with the text in purple:

$\begin{array}{l} \hline \text{which leads} \rightarrow & \text{leading} \\ \hline \\ $	
change which leads to leading.	
GRAMMAR	

iii) You can "reject a suggestion" by clicking on the "Thumbs Down (♥)" button.
 After rejecting a suggestion, the text in your file will remain as is:

• which leads \rightarrow leading	~
Change 'which leads' to 'leading'.	\bigtriangledown
